

### **A Message to all our Customers**

**Help to Buy would like to remind all its applicants to be vigilant when making payments in relation to the purchase of a property to avoid the risk of any fraud in relation to conveyancing.**

**We strongly recommend applicants verify all requests for Help to Buy deposit payment prior to making any transaction in connection with your Help to Buy purchase. To do this, please contact your Solicitor / Conveyancer in the first instance and check their payment procedure. It is our recommendation that this is done by phone or face to face.**
